Deer Management

Plan Base Price

Additional Charges may apply for more in-depth planning and increased Acreage. Fill out

\$200

a consultation inquiry for a more accurate quote.

Wildlife Habitat

This service is priced based upon what YOU want. Placement of a few nesting boxes and a pollinator seed mix is going to cost less than a robust wildlife habitat plan & installation.

“Basic” VS “Involved” Prep

BASIC

Area has bare dirt, or grass and light amount of weeds. Vegetation is able to be controlled via smothering and soil needs little amending.

INVOLVED

Area is over 70% covered in weeds, rocks, or large plants. Shrubs may need to be cut out. Soil may need heavy amending depending on planting objective.

Looking to save? Check our social medias for periodic specials! You can also opt out of a plan, simply have us come in for a property walkthrough and pay for labor & plants only!

Travel within 20 miles of Boyertown PA is **FREE**
Additional Maintenance Visits \$35/hr

all plans already include at least 1 follow-up visit
